- We share medical records with those who are involved in providing you with care and treatment.
- We share medical records with other practices in Drake Medical Alliance (Roborough, Mannamead & Wycliffe Surgeries and North Road West Medical Centre) so that members of the clinical team, working across the federation have the information they need to care for you.
- In some circumstances we will also share medical records for medical research, for example to find out more about why people get ill.
- We share information when the law requires us to do so, for example, to prevent infectious diseases from spreading or to check the care being provided to you is safe.
- You have the right to be given a copy of your medical record.
- You have the right to object to your medical records being shared with those who provide you with care.
- You have the right to object to your information being used for medical research and to plan health services.
